

## Sample Searches: CSA Illustrata: Technology

1. You are interested in finding records containing images regarding **environmentally sustainable building construction** methods and developments.
  - In the **Quick Search** tab, enter “**sustainabl\* construct\***” in the query box.
  - Click **Search**.
  - Find the record for the article ***Use of cost-effective construction technologies in India to mitigate climate change*** by N. Sen Gupta. Click on the title to open the full record allowing you view all the images found in the article. You may click on any of the thumbnail images to view each image’s full record.
2. You are interested in finding articles that include images related to the **Hubble or Cassini NASA space missions**.
  - In the **Advanced Search** tab, enter **Hubble** in the first query box on the first row and select **Descriptors DE=** from the right-hand drop-down menu; select **OR** from the left-hand drop-down menu next to the second row; enter **Cassini** in the first query box of the second row and select **Descriptors DE=** from the second-row right-hand drop-down menu.
  - In the **More Search Options** section of the search page, select **Transmission/Emission Image** from the **Category** limit.
  - Click **Search**.
3. You need to find **descriptors** to best describe and search for images related to **computer models and modeling**.
  - In the **Search Tools** tab, select the **Indexes** tab.
  - Choose the **Object Descriptors Index**.
  - Enter **computer model\*** in the query box.
  - Click **Go**.
  - **Select terms** of interest from the results list (click Next to view more relevant terms), choose to combine the terms with the **AND** or **OR** Boolean operators in the search tool on the left of the page, and click **Search** to view results that contain the selected terms as object descriptors.
